KATEPALLY NITHIN GOUD

nithingoudkatepally@gmail.com | 9346676590 | GitHub | LinkedIn

Professional Summary

Computer Science Engineering student with knowledge of Java, Python, Full Stack Development fundamentals, AI basics, and core computer science concepts. Hands-on experience in developing AI-powered applications through academic and personal projects. Passionate about software development and problem-solving, with a strong willingness to learn and grow.

Education

MVSR Engineering College, Hyderabad (Lateral Entry) 2024-2027
B.E in Computer Science and Engineering **| CGPA:8.71**

Government Polytechnic, Gadwal 2021-2024
Diploma in Computer Science and Engineering | **CGPA: 8.75**

Montessori English Medium High School 2021
Secondary School Education **| GPA: 10.0**

Skills

- **Programming Languages**: C, Java.
- **Web Development**: HTML, CSS, JavaScript, Tailwind CSS.
- **Frameworks and Tools**: Spring, Spring Boot, React, Git, GitHub, Postman.
- **Databases:** MySQL, MongoDB.
- **AI/ML**: Basic Machine Learning, CrewAI, Generative AI, Prompt Engineering.
- **Concepts**: Data Structures & Algorithms, Object-Oriented Programming, DBMS, Operating Systems, REST APIs, Computer Networks.

Projects

CodeLens AI – AI-Powered Code Review Application

- Built a full-stack code review platform using Java, Spring Boot, MySQL, JavaScript, and JWT.
- Integrated Ollama LLM for automated bug, security, performance, and code-quality analysis.
- Added Monaco Editor, AI feedback, severity classification, fixes, code improvement, and review history.

LegalMind AI – Multi-Agent System for Court Judgment Summarization and Legal Reasoning — Python, React, FastAPI, CrewAI, Gemini API

- Developed a multi-agent AI system for legal judgment summarization using CrewAI.
- Implemented document processing and AI-driven legal content analysis for PDF and DOCX files.
- Designed specialized AI Agents to automate legal reasoning and document summarization.

SmartReply AI – Gmail AI Reply Assistant — Spring Boot, Chrome Extension, Gemini API

- Developed a Chrome extension that generates AI-powered email replies directly within Gmail.
- Built a Spring Boot backend integrated with the Gemini API for context-aware email responses.
- Automated email content extraction and reply insertion into Gmail's compose window.

Internships

IndusTech Solutions, Hyderabad — Industrial Trainee *(Dec 2023 – Jun 2024)*

- Gained hands-on training in JavaScript and developed an Online Examination System.
- Strengthened problem-solving, debugging, and software development skills.

Achievements & Certifications

AICTE–EduSkills – Virtual Internships in **Java Full Stack Development** and **AI-ML.**
Technical Certifications: JavaScript (Cisco), SQL (Oracle), and Problem Solving (Intermediate) (HackerRank).
Participated in multiple hackathons, including **Adobe India Hackathon (Adobe) & TechFusion (TKR College).**
